

CBD OIL

- Legal in all 50 states, if made with industrial hemp
- CBD is a non-psychoactive cannabinoid. It will not produce a “high”
- Hemp has less than .3% THC, the psychoactive cannabinoid in marijuana
- Classified as industrial hemp

MEDICAL MARIJUANA

- Medical marijuana is sold as capsules, edibles, and other forms
- Approved on a state level
- Medical marijuana card is required
- Can contain higher THC content
- Legal in 28 states and D.C.

RECREATIONAL MARIJUANA

- Recreational marijuana is only legal in 8 states and D.C.
- How to grow, sell, purchase, and use the plant is dictated by each state

NEED MORE INFO

The 2014 Farm Bill (Section 7606 of the Agricultural Act of 2014) allows for the cultivation, processing and marketing of hemp and hemp products.
